# Procedures

Ofsted is notified of any injury requiring treatment by a general practitioner or hospital doctor, or the death of a child or adult.

When there is any injury requiring general practitioner or hospital treatment to a child, parent, or visitor or where there is a death of a child or adult on the premises, we make a report to the Health and Safety Executive using the format for the Reporting of Injuries, Diseases and Dangerous Occurrences.

## *Dealing with incidents*

We meet our legal requirements for the safety of our employees by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Health and Safety Executive:

- Any accident to a member of staff requiring treatment by a general practitioner or hospital;
- Any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident but could have done, such as a gas leak.
- Any dangerous occurrence is recorded in our incident book. See below.

Information for reporting the incident to Health and Safety Officer is detailed in the Pre-school Learning Alliance's *Accident Record* publication.

## *Our incident book*

- We have ready access to telephone numbers for emergency services, including local police. Where we are responsible for the premises we have contact numbers for gas and electricity emergency services, carpenter and plumber. Where we rent premises we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We keep an incident book for recording incidents including those that are reportable to the Health and Safety Executive as above.
- These incidents include:
  - break in, burglary, theft of personal or the setting's property;
  - an intruder gaining unauthorised access to the premises;
  - fire, flood, gas leak or electrical failure;
  - attack on member of staff or parent on the premises or nearby;

- any racist incident involving staff or family on the centre's premises;
- death of a child,
- a terrorist attack, or threat of one.
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it - or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, should also be recorded.
- In the unlikely event of a terrorist attack we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety Policy will be followed and staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, for example, through cot death in the case of a baby, or any other means involving an older child, the emergency services are called, and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.

#### *Our accident book*

All accidents that involve the children will be recorded and the information shared with parents.

Parents will be asked to sign to confirm their awareness of the accident / incident.

The information will be recorded by the member of staff who dealt with your child and will contain;

- 1 The Child's name and address
- 2 Date / Time
- 3 What Happened?
- 4 Nature of injury / incident
- 5 Treatment given, any further action taken
- 6 Signed and print by that member of staff
- 7 Signed and print by parent/carer

If the accident is of a serious nature the manager will report the matter to OFSTED
